

NPIC/D-271-70

2 SEP 1970

MEMORANDUM FOR: Director, Domestic Contact Service

SUBJECT : Use of DCS Facility

1. [redacted] of NPIC has discussed with [redacted] of your office the use of your facility known as the 'Plantation' for the period 14-17 September 1970. We desire the use of this facility to hold a technical session on unconventional imagery. The group will be small -- about 10 people -- and will consist of Agency, Defense, and one commercial contractor persons.

2. I understand that there are no security problems involved with our holding this session at your facility. We appreciate your cooperation in making it available to us. I hope that we may continue to have selected sessions of this type in the future as the need arises and as other uses of the facility permit.
